Tabish Shaikh

Computer Engineering Student

shktab1sh93@gmail.com | github.com/shktabish

PROFILE

An adaptable Computer Science Engineering student with a flair for web development. I thrive on challenges, known for my quick learning and relentless problem-solving attitude. Excited to leverage my technical skills to craft innovative solutions in fast-paced, ever-evolving environments

EDUCATION

Bhartiya Vidya Bhavan's Sardar Patel Insitute of Technology   2022 - Present
B.tech, Computer Engineering CGPA: 9.62

Shreyans Prasad Jain Institute of Management and Research (SPJIMR)   2022 - Present
Minors in Management

Bhavan's College   2020 - 2022
Higher Secondary Certificate(HSC): 90.83%

St. Xavier's High School   2008 - 2020
Secondary School Certificate(SSC): 92.6%

PROJECTS

Spotify Clone   link
- Developed a personal project,a Spotify-clone, utilizing the MERN stack with JWT authentication and Cloudinary integration for streamlined media management
- Designed and implemented user-centric features including song uploading, library creation, and liking functionalities, tailoring the music experience
- Crafted a dynamic environment for fluid song streaming, amplifying user engagement and satisfaction throughout the platform

Notes Management App   link
- Created a user-friendly notes application featuring draggable cards for enhanced organization, utilizing browser local storage for seamless data persistence
- Implemented a modal interface for efficient addition of new notes, enhancing usability and overall user experience

To-Do List (Backend)   link
- Developed a backend system for a To-Do List application using MongoDB, Node.js, and Express, ensuring robust task management capabilities for users
- Designed and implemented efficient APIs to manage tasks, empowering users with seamless task management functionality within the application

SKILLS

Languages: Java,C
Web: Html, CSS, JavaScript, React, Bootstarp, Tailwind CSS, Node js, Express js)
Backend: MongoDB, MySQL, Firebase
Tools: Git/GitHub, Postman, Canva
Soft Skills:Problem Solving, Creativity, Effective Communication,Critical thinking, Adaptability, Team player, Fast learner, Growth-Oriented, Resilient, Committed

EXTRACURRICULAR

Public Relations Head, Member | Oculus
-Streamlined organization of college festival events for seamless execution.
–Effectively secured top-tier artists to elevate the entertainment caliber of the college's cultural events.
-Facilitated community-focused initiatives, fostering social responsibility within the college
